Description

Social Express Part 2® is a virtual group, held weekly, for children and youth with autism aged 9 - 13 years old.

Social Express® Part 2 builds on the skills taught in Social Express® Part 1. This group will teach your child or youth how to navigate and identify tricky social situations and how to manage relationships.

Some of the skills your child or youth will practice are:

- having a back-and-forth conversation
- predicting other people's thoughts and feelings
- taking ownership for mistakes and how to be a good sport during games.

It is recommended (but not required) that your child or youth has participated in Social Express® Part 1.
