## Description

In Finding Motivation 101, we will discuss many strategies to help you find what motivates your child and we can help you maintain their motivation!

Many children with autism have limited or hard to identify areas of interest. This can make it difficult to find things that motivate them for social interactions, hard tasks, activities, or overall positive behaviour.

You will have a chance to ask your own questions and hear from others dealing with similar challenges.

If you are unable to register online, please contact Carrie at 519-953-5445 or [register@tvcc.on.ca](mailto:register@tvcc.on.ca).
