## Workshop Description:

This is an in-person interactive group. Each participant will have their own drum and will be safely spaced out around the room.

Throughout the 4 weeks, participants will follow along as we learn new skills about drumming. A community partner will be leading the program development and weekly lessons.

This program is open to any TVCC youth clients (age 12-18 yr or 21 yrs, if still in school) who are able to wear a mask indoors and maintain physical distance from other participants.

This is a partnership program with Connections Music Studio.
