

# What is Applied Behaviour Analysis?

**For parents/caregivers of children/youth with ASD**

**Date:** Tuesday January 22, 2019

**Time:** 6:00 – 8:00 p.m.

**Location:** TVCC Office  
240 Graff Ave  
Stratford, ON

**Parking:** On Site <https://wiabajan22.eventbrite.ca>

**Register:** Online at <https://wiabajan22.eventbrite.ca>  
at least one week prior to the workshop.

**Additional Information:** If you are experiencing difficulties, please call Carrie at 519.685.8700, ext 53367 (toll free: 1.866.590.8822) at least one week prior to the workshop with workshop name/date/time, name(s), phone number and email address. We will email you a confirmation.

This presentation will introduce Applied Behaviour Analysis (ABA). We will define behaviour (hint: it involves everything we do, even the “good” stuff!).

You will learn what affects behaviour, how to change behaviour and teach new skills. ABA is an essential part of all our programs in Autism Services. We will discuss why it is important for you to learn the techniques. Services and supports offered in partnership with Children’s Treatment Centre of Chatham-Kent and John McGivney Children’s Centre.
