Is your child between 7-13 years old and registered with the Ontario Autism Program (OAP)? Join us for our school-aged Drop-in Social Evenings. Autism Services staff will be on hand to teach you how to encourage your child to try out some new activities and spend time with other children. You and your child are welcome to drop in between 6:00 p.m. – 7:00 p.m. Come once or join us for a different activity each week! We will also have different resources available for you to explore, like how to make and use visual supports, ways to share information about your child with others, or even how to build an emergency safety plan. We will rely on you to provide the supervision and supports your child needs while participating in the activities.
