Additional Information:

If you are experiencing difficulties registering online please call Carrie at 519.685.8700, ext 53367 (toll free: 1.866.590.8822) at least one week prior to the workshop with workshop name/date/time, name(s), phone number and email address. We will email you a confirmation.

The toilet training workshop is designed for parents and caregivers of children/youth with special needs to better understand the steps involved in toilet training.

Parents will be introduced to tools to help determine a family and child’s readiness to begin the toilet training process.

The goal is to provide families with strategies to implement at home as they embark on “habit” or timed toilet training. ***Services and supports in partnership with Children’s Treatment Centre of Chatham-Kent and John McGivney Children’s Centre.***
