Tea/coffee and door prizes provided.

The best way to secure funding is to apply to all available funding sources and to apply early.

Representatives from Community Living Wallaceburg will discuss what sources of funding are available and how to apply for them. A focus will be on funding for Out of Home Respite opportunities and Summer Camp. Autism Ontario staff will also be available to answer any questions about additional funding for children and youth with an Autism Spectrum Disorder.

Hear a family perspective from a mom who receives funding and the tips and strategies she uses to make the most of the funding to support her children.
